**Motion made by Council Member Brian Krumwiede, seconded by Council Member Jon Holtz, and motion carried to approve closing the meeting,**

Discussion with Roger Matejka about the possibility of buying trading or selling of the land he has east of town along the railroad. The city is in need of 80 acers for a waste water pond system site. The cities infrastructure is aging. The DNR will not approve the city to use the property owed west of town due to the discharge into the creek on the north side of the property would go into the lake. Matejka commented that his land is very fertile. The house on the property is not livable. He is not interested in the land the city has and is not interested in selling his at this time.

**Motion made by Council Member Jon Holtz, seconded by Council member Brian Krumwiede. Motion carried to adjourn.**
